## The Kuehne + Nagel Advantage:

**By Air, Sea or Land** our Rialto, California Distribution Center is an ideal location for distribution to California and the rest of the United States. Strategically located in the Inland Empire (San Bernardino County) the facility is 14 miles northeast of LAX Ontario International Airport, a UPS and FedEx hub, and within 2 miles of Interstates 10 and 15 which provides for truck service into Los Angeles, Orange, Riverside and San Diego counties as well as the southwestern states and Mexico. The DC is well suited to handle cross docking, consolidation/de-consolidation and staging products for import and export to and from Asia and Mexico. Companies that rely on will-call business, such as auto parts and construction materials, can be served from our secure yard. The experienced staff is especially capable of handling a high-volume of small, same day orders.

The Rialto facility is an important part of Kuehne + Nagel's integrated North American network of multi-client facilities, delivering maximum flexibility and agility while ensuring the strictest quality control standards – in a variable-cost environment.

---

## Facility Overview:

- **The Facility:** The Rialto Distribution Center is 493,000 square feet with 32 feet clear, tilt-up concrete, 78 truck dock doors, 40 drive-up ramps and a secure yard.
- **Operations & Security:** David Mullen, is Distribution Center Manager with 25 years DC experience. Marion Jeffries is the Office Manager with 10 years operations experience. Operations Manager Dale Beach has over 30 years experience and Assistant Operations Manager Patrick Callahan has over 30 years experience in warehousing. In addition, the warehouse has four Operations Supervisors.

On-site security includes Protection Services, Inc. & Fire Protection Service. All doors are on a 24 hour supervised system.

- **Quality & Sanitation:** Like all of Kuehne + Nagel's multi-client facilities our Rialto DC is ISO 9001:2000 certified. The American Sanitation Institute (ASI) annually audits our facilities. ASI, an independent auditing agency, is used by Kuehne + Nagel to assess each facility's housekeeping and sanitation practices.
- **Transportation Management Services:** Kuehne + Nagel integrates transportation management solutions for our customers, evaluating the volume of freight and consignee locations, and leveraging its total volume with many carriers nationwide. Rialto's location allows us to maximize optimization opportunities for customers.
